WORKING EXPERIENCE

FRONT-END DEVELOPER

RESCOUNTS | CANADA | REMOTELY

(Feb 2025 - Till now)

- Built a **complete web application** for event and festival organization using **React JS**.
- **Integrated** the front-end with back-end APIs to handle complex data flows and **dynamic content rendering**.

- Developed and implemented **multiple payment methods**, including **Stripe** integrations (**Apple Pay**, **Google Pay**, and **credit card payments**) from the **client side**.
- **Supported** additional custom payment methods such as **E-Transfer**, **Cheque**, and **Wire Transfer**, tailored to the web app's requirements.
- Worked on **on-page SEO optimization** to enhance the application's visibility and performance in search engines.
- **Built** and maintained **reusable and scalable components** to streamline development and ensure consistency across the app.
- **Focused** on **application performance optimization**, **reducing load time**, and **improving** overall user experience.

FULL-STACK DEVELOPER

MALEK CO. | EGYPT | ON-SITE | (Apr 2022 - Feb 2025)

- Built a comprehensive **furniture platform** using **Next.js**, delivering a seamless and responsive user interface.
- Contributing to the development of an **Online ERP System** with **Next.js** and **Node.js**.
- Implemented the back-end architecture using **Node.js** and **MongoDB** to ensure robust data management.

FULL-STACK DEVELOPER

GGEG | EGYPT | STARTUP | REMOTELY | (Sep 2022 - Aug 2024)

- Built a comprehensive **furniture platform** using **Next.js**, delivering a seamless and responsive user interface.
- Contributing to the development of an **Online ERP System** with **Next.js** and **Node.js**.
- Implemented the back-end architecture using **Node.js** and **MongoDB** to ensure robust data management.

FRONT-END DEVELOPER
